FEE COLLECTION

The financial operations of the College relies on the prompt payment of fees.

The College will email a fee statement each year during February and June/July which will outline the total annual fees (excluding certain subject levies). All fees are expected to be paid by 31 October each year. The College has moved to having all families pay fees between February and 31 October each year and the required method of payment will be Direct Debit – fortnightly payments.

Parents unable to make payments prior to the due date must make arrangements with the Business Manager prior to the commencement of each Semester. Whilst the College is supportive of families in difficult financial circumstances, it is still an expectation that families will make every effort to pay the full fees and that families respond to all communications in this regard.

In cases where reminder notices are persistently ignored or arrangements to meet the arrears are not met, the College will pursue legal action to recover outstanding fees.

PLEASE NOTE: Previous payment arrangements cannot be assumed as continuing and must be reviewed annually.
