Dear Parents

Two weeks ago Mr Robert Out sent an email to all families announcing that he would return to his position of Rector at Padua College from the start of Semester 2. Not only is Bob’s return a testament to his own resilience and courage, but it is also great news for our school. Our community has shown great concern for Bob in recent times and I am sure that we will all celebrate his return. Well done Bob!!!

The return of Mr Out has resulted in a reshuffle of staff and an end to some acting positions that existed in Semester 1. In summary, I will return to my position of Vice Rector Administration, Mr Lowrie will return to his position of Vice Rector Pastoral Care and Mr Garufi will return as Beirne House Guardian. Mr Raadschelders, who has been Acting House Guardian for the Beirne House, will move on to the Odoric House where he will act in the place of Miss Asimus who is taking some Maternity Leave. I would like to thank all of our staff who have done a great job in their acting positions and wish Miss Asimus all the best for the birth of her first child.

Term 2 is always an especially busy term for co curricula activities. In recent weeks a number of activities and seasons have ended and we have achieved some very good results. Whilst debating continues across both campuses I can report that already we have one team from each year level of 9-12 qualified for the finals of the QDU competition. In cultural pursuits both our vocal ensembles competed with success at the recent Queensland Youth Music Awards where the Assisi students received a Bronze and the Greccio performers a Silver. In sport we have just completed our Term 2 seasons of Chess, Rugby and Soccer. The highlights of these include undefeated premier-
ships in under 15A, 14C and 13B Rugby plus very close third place finishes to our First Soccer plus our Open, Senior A and Junior A Chess teams. Congratulations to all our dedicated staff and students who have committed themselves to a very busy Co Curricula Program during the term.

Today is the Feast Day of our College Patron St Anthony of Padua. The College will fully celebrate this day on our last day of the term on Friday June 21. We will be joined on the day by some special guests who are commemorating their graduation as the first senior class at Padua 50 years ago in 1963. The day will also include our annual St Anthony Eucharist and Padua Dash. We look forward to these celebrations as a great way of concluding our term.

Assessment for the term is now winding up for all classes. I hope the boys can feel proud of the efforts they have put into their studies and are looking forward to the end of semester reports that each family will receive during the holidays. Parent Teacher Interviews will be conducted in the first week of next term and electronic bookings can be made for these from 9am Friday June 28.

Finally as this will be my last Bulletin as Acting Rector of the College I would like to thank the Board of Directors, the College Leadership Team, staff, students and parents for the support I have received in the position throughout the semester. I have very much enjoyed the challenges associated with leading our great school community and look forward to continuing to support the school in the years ahead.

All the best for the end of term and holidays and welcome back Mr Out!!

Simon Stower
Acting Rector
Dear Parents

If there is one thing we probably all have in common it is the desire to be happy. The quest often involves people working at making money, even if it involves sacrificing time with family and friends, presuming money will make you happy. For others, they equate happiness with power and control. Others see that the great ingredient of happiness is the accumulation of things—the large house, the huge four wheel vehicle(s), and luxury holidays.

This year ended a project that measured 258 men over a 75 year period on a range of traits—from personality types to IQ to drinking habits to family relationships. All in an effort to determine what factors contribute most strongly to human happiness.

Here are some of the insights:-

Alcoholism is a disorder of greatest destructive power. It is the main cause of divorce, of family conflict, of neurosis and depression. With smoking it was the greatest contributor to early morbidity and death.

Above a certain level, intelligence does not matter. There is no significant difference in maximum income earned by men with IQ's in the 110-115 range and men with IQ's higher than 150.

The study clearly finds the powerful correlation between the warmth of your relationships and your health and happiness in old age.

Surely Freud would be happy to read that the warmth of your relationship with your mother matters long into adulthood. Men who had poor childhood relationships with their mother were much more likely to develop dementia when old.
Warm childhood relations of men with their fathers correlated with lower rates of adult anxiety, greater enjoyment of vacations, and increased "life satisfaction" at age 75. The study ends with this quote,

"The seventy five years and twenty million dollars expended on the Grant Study points... to the straightforward five word conclusion: 'HAPPINESS IS LOVE. FULL STOP.'"

Fr. John

Gian’s Grandfather

Franciscan Appeal Activities
The Franciscan Appeal for 2013 has now been concluded. And what a finish! Just when I thought we had done spectacularly well with the Little Kings Movement by raising a new record amount of $15,100, we topped that with this year’s Franciscan Appeal! The final total for this year is $33,204! This is a new Padua record. Thank you everyone for your generosity and support of our major College fundraiser. It is testament to our faith in the friendship we have with our sisters and brothers in Timor-Leste.

Timor-Leste Trip
After the holidays Mr Lowrie, Alister Wiseman (Yr 11), Rowan Herklots (Yr 11) and Charlie Syvret (Yr 11) and myself will be travelling to Timor-Leste and be part of the 25th anniversary celebrations of St Francis of Assisi College in Faterbulieu. St Francis College has become a significant educational institution in the Wekia area. Children from far and wide come to be educated. It has a good reputation and does well in local district examinations. Whilst there we will join in with classes, teach some English and immerse ourselves in the local culture.

2014 Franciscan Pilgrimage
Thank you to you all those who have responded to our invitation to join us for our next Pilgrimage to Franciscan Italy 2014. We have 29 boys who have paid their initial deposit now. Our Pilgrimage has become a significant part of our tour calendar with 37 boys already having experienced it since 2010. A number of former pilgrims like Joe Higgins (2013 College Captain), Mitchell Caulfield (2013 College Vice-Captain), Lachlan McCarron (2013 Boyd-Boland House Leader) and Zackariah Caughey (2013 Mitchell House Leader) have become Student Leaders.

If you are still interested and would like to know more please contact Fr John (3857 9906) or myself (3857 9986) for more details. This will be the last general invitation to be made. Come join us!

Year 9 Spirit Days
Letters for this year’s Year 9 Spirit Days (11 & 12 July) have been distributed. Thank you to the number of boys who have returned them already. These are compulsory days of attendance and are integral to the life of the College. I would appreciate it if you could ensure that your son returns his form before the end of the term.
Red Cross Blood Van
The Red Cross Blood Van will be back at Padua on 18 & 19 July. Any boy (16 years or older) can donate blood if he is in good health. Consent Forms can be collected from me and should be returned asap so that an appointment time can be arranged. Any member of the Paduan Community can be part of this. If you would like to donate yourself you are very welcome. The van will be parked at the front of the school on those days. You will be 'fast-tracked' through the line-up of students so you will not be unnecessarily delayed. Old Boys will receive a text message from the Red Cross as well as a reminder.

Peace and all Good!

Michael O’Brien

STUDENT ABSENTEE LINE

When advising of a student absence via email, please contact absence@padua.qld.edu.au
I would like to take this opportunity to thank everyone for their support while I have been in the Vice Rector Pastoral Care position. It has been a valuable time for me professionally and I have been fortunate to have been supported by the senior leadership team and the guardians of both Greccio and Assisi campus.

Marty Raadschelders has done an excellent job as the House Guardian of Beirne. He has been a positive role model for the boys and they have had praise for his leadership in the role. He now switches colours to the mighty Odoric House where I am sure he will do a great job.

As you know Aimee Asimus Odoric House Guardian will be taking maternity leave in Semester Two and we wish her well for the arrival of her baby. I am sure she will enjoy her time at home.

I would like to welcome back Ben Lowrie as Pastoral Care Vice Rector next term as I return to the Beirne House Guardian position. He has been a great support to me personally and professionally this semester.

Finally I would like to wish all the families of Padua a safe and relaxing semester holiday and we look forward to seeing your sons in Semester Two.

Paul Garufi
As we near the end of Semester One, we also come to the end of our first Semester using 1:1 technology in the classroom. While there have been many hurdles to overcome for parents, staff and students, I believe that the work that has been produced has certainly overshadowed a number of those hurdles. In particular I would like to mention the Mathematics department who create their own tutorials and make them available for students to watch to reinforce the concepts taught in a classroom. This practice was reinforced at a Conference I recently attended where Saul Khan – founder of the Khan Academy, began in this same way creating tutorials for his cousins. His reasoning behind this was that no one has the ability to sit and repeat the same concept numerous times but students can sit and watch a tutorial over and over until they understand the concepts.

There have been a number of parents enquiring about insurance claims through CCI – the College insurance provider. Please find an outline of the process below:

- Take the iPad to the Apple store for report. If they decided the iPad is beyond repair please ask for a copy of the report from Apple and KEEP THE IPAD
- If the iPad can be repaired, please organise for the repair and ask for a copy of the invoice for the cost of repair and forward with the claim form to CCI. The claim form is available at http://www.padua.qld.edu.au/curriculum/technology
- If a replacement is needed, ask for an Apple replacement quote (cost of a new iPad) which is to be forwarded with the claim form to CCI. The Claim form is available at http://www.padua.qld.edu.au/curriculum/technology
- If CCI accept the quote they will settle with the parent/s
- If a replacement iPad is required, please return the damaged iPad to Tanya Anderson at the College – we will then make arrangements for CCI to collect the damaged iPad.
- Please note that this process does not apply if you are using your own Home and Contents Insurance – you will need to contact your insurer to find out the best way to proceed.

As we enter the holidays, a couple of tips regarding the iPads:

- Vitamin D and exercise are important for good health and good sleep patterns
- Parental controls can be set to ensure that your son doesn’t spend large amounts of money buying coins and gems in online games http://support.apple.com/kb/HT4213
- Make sure you haven’t got credit card detail on your son’s itunes account
- If you are happy for your son to download games/ non school apps, please make sure that he has only those apps needed for school on his return in July
- Household chores = iPad time (great for getting your son to do jobs around the house!)
- Don’t be afraid to take your son’s iPad with you if you are concerned about the amount of time he spends on it!

Until next semester...

Tanya Anderson
For our Year 10 students preparing for their upcoming ‘Outdoor Education Expedition’ it’s a big challenge, as they plan, prepare and get organised for stepping into the unknown. They have had a camp briefing, where we talk about the program, what it entails and what type of activities we will be doing. Students are now asked to start preparing by organising themselves into groups, sorting gear and returning paperwork. Week 1 of next term, students will be packing their expedition food themselves, a huge responsibility to get right; as it will affect what they eat whilst on camp.

In this day and age of technology, sometimes some of the basic life essentials, like shelter, food and friendly company are forgotten in the world of gaming, Ipad’s and YouTube! Wasn’t it such a very different home environment just 15 years ago. So are our boys still equipped today to put up a tent, to build a camp fire, cut up vegetables and cook a meal? Well yes; young boys are still very capable, hardworking and useful; they just need the practical opportunity to give these things a go.

As our world gets busier and we are more time poor, it’s important to still allow time for face to face building relationships and making mates. Some personal development skills, being personal communication can only happen away from technology and in a space.

Yes the boys will do a lot of adventure activities whilst on camp, but it’s the small talks, the pats on the back and camaraderie that build; that are equally important. There may be times when they go without something, but hopefully this will make them appreciate all that they do have at home even more.

So what do we hope to achieve? We want to teach resilience and give students the practical skills to be self-reliant and survive in the wider world. We want them to make decisions and live with the consequences of those decisions and have the ability to work in a team and live with others. We want them to try new experiences and learn from their mistakes. We want them to enjoy themselves, their unique experience and grow as a person.

Parents, I would welcome you to engage with your son on his camp preparation. It will be the middle of winter, so having some warm clothes, thermals and good sleeping bag will be important. We recommend trying to borrow or loan a good sleeping bag rather than buying new is a good option. Mac Pack in Brisbane is offering another 5% off sale items to the Padua community also.

Regards
Daniel Rush
Outdoor Education Coordinator
Great times with House Mates

Year 6 Camps

It was with great excitement when the Yr 6 students arrived at Amaroo to spend the next three days. For some students, this was the first time that they had spent three days and two nights away from parents. After moving into dormitories and settling in over morning teas, the action packed program of activities, games and adventures could truly begin.

Every student spent time in constructing their own box kite, a replica of Lawrence Hargraves; to whom achieved man’s first flight. Once completed, the afternoon SE breeze kicked in and there were fields of kites flying in the breeze, expertly controlled by our students. Yes there were some breakages, some tangles in the trees; but teaching staff were ever present in the repairs department, fixing them and getting them flying again.

Other first day activities included building Indian Tee Pee’s and Boulders on our climbing wall. The boys showed great innovation and creativity in their design and construction phrase, whilst helping in the building. We compared other designs and features, before awarding a team with the best built. The boulder wall also showed off some great climbing skills, with some boys climbing around multiple times before fatigue set in and they fell off.

A real treat on night one was sitting around the camp fire, roasting marshmallows and telling stories.

The second day brought its own string of challenges with the boys completing the zip line across the dam and target archery. The zip line becomes very real when you are only centimetres from the water as you go hurling across. Its great to introduce the students to height safety equipment when they use the harness and helmets and attach into karabiners. All boys were capable of using the archery equipment safely and we found some boys to be very good shots. From a shooting distance of 10m, we even had some bull eyes!

On the final day of the program, we completed a small bush walk through the rain forested creek that runs on the property. It’s the only time we visit this section of land, so its untouched beauty makes a great walk.

Teaching staff who attended the program are always a huge help in the running and facilitation of this program, so many thanks to those who attended. It’s always good to see different personalities outside of the class room and feel the energy as boys try new activities. I’m sure the boys had some great stories to tell of their experience.

Yours in the Outdoors
Daniel Rush
Outdoor Education Coordinator
Boyd-Boland’s latest recipient of the Lion Heart award was Nathan Francey. Nathan showed an enormous amount of Courage and Wisdom in supporting the School.

A few weeks ago, Nathan was playing Basketball before school. He collided with another student and fractured his cheek bone. This was a very painful injury that required Nathan to attend the hospital that day. One could be forgiven for resting for the rest of the weekend to recover, however, Nathan went onto display a mountain of Courage, returning to school that same evening to represent the school in the AIC chess team. An impressive feat. Again, Nathan could be forgiven for having a quiet weekend at home recuperating. Yet true to his own commitment to the College, he came to school that Sunday – only three days later- to assist the school during the Open Day. Nathan chaperoned prospective parents around the College.

Well done Nathan you certainly displayed the House’s motto of Courage and Wisdom placing the community first.

WE LOVE OUR VOLUNTEERS
HOST FAMILIES REQUIRED

for students of
Kamakura Gakuen High School

This is a worthwhile opportunity for your family to learn about Japanese culture, while sharing with your Japanese student the lifestyle attending Padua College.

Families are asked to provide all meals and a friendly home for their student.

They will travel to and from school each day the same way as arranged for your own children.

Yes, I would like to host a Japanese student, but...

Will the student speak any English?
Yes. However, as their English skills may be limited, we would ask that you speak clearly and slowly (but not in a patronising way) when communicating with them.

Will I have to cook Japanese food for the student?
No. Your Japanese student is here to experience an Australian lifestyle. This includes spending mealtimes with your family, and eating what you and your family normally eat.

If you would like to host a Japanese student this year, please contact:
Michael O’Rourke (Japanese Teacher)
mo’rourke@padua.qld.edu.au
to obtain a Host Family Application Form
Please contact Yoko if you need assistance or have queries about this program.
Yoko Sugimoto (ISS – Study Tour Organiser)
URGENTLY REQUIRED

Lucky Door Prizes and Raffle
From the Parish

We would like to invite students age 10-13 to the EDGE. EDGE is a Catholic Youth Ministry program run through the Kedron Catholic Parish.

**Date:** 16 June * 3pm- 5pm * Parish Hall

**Program Topic:** He Says She Says

The goal of this Edge Night is to discuss the ways that rumours, gossip, and slander can hurt not only the dignity of the people around us but ourselves as well; the Christian response to gossip will also be discussed.

The EDGE is a program held once a month which is based on Franciscan values and is aimed at youth who are interested in developing their faith in a friendly social atmosphere outside of the school setting.

2013 Somerset Rail Trail Fun Run

It’s that time of year again, where Somerset Regional Council are asking all community members, friends and families to jump on board the **2013 Somerset Rail Trail Fun Run** being held on Sunday, 14th July 2013.

The **2013 Somerset Rail Trail Fun Run** will start in Lowood and finish in Fernvale, with participants having the choice of two distances, 3km or 8.3km. Prizes for most categories including best fancy dress costume/s. There will be entertainment and community stalls making it a great morning out for all ages.

Early bird registration to go into the draw to win a Tandem Skydive at Ramblers Parachute Centre. Free Rail Trail Fun Run Cap to the first 1000 entrants. Register online at [www.railtrailfunrun.com.au](http://www.railtrailfunrun.com.au)

For further details contact Scott Aurisch / Liz Hare at Somerset Regional Council on 5424 4000
Does your child suffer asthma or eczema?

Every day, thousands of Australian children suffer the effects of asthma and eczema and families struggle with illness management and children’s behavioural and emotional adjustment.

Positive Parenting for Healthy Living is an adaptation of the successful Triple P- Positive Parenting Program offering practical ideas and support for parents of children suffering asthma or eczema. This innovative group program is designed to help parents manage their child’s illness, assist children in coping with their illness and emotions, and prevent and manage difficult child behaviour.

Over the next few months and for a limited time only, parents of 3-10 year old children suffering asthma or eczema are able to access Positive Parenting for Healthy Living Triple P as part of a University of Queensland research project. Parents will be able to attend the program free of charge, and will be asked to complete 3 sets of assessment measures (questionnaire, symptom diary, and family observation) over a 6 month period, as part of the study. Contact Amy Mitchell on (07) 3365 7305 or email healthyliving@uq.edu.au, or visit www.exp.psy.uq.edu.au/
1800 ASTHMA (1800 278 462)

Have you ever felt left in the dark about your asthma? Unsure about the medications you are taking or need further information about how to best manage your condition? Don’t worry, Asthma Foundation Queensland is here to help.

1800 ASTHMA is a free asthma education and support telephone service for Queenslanders living with asthma and their caregivers. Speak one-on-one with an experienced Asthma Educator about your asthma (or your child’s asthma), and learn about medications, correct device technique, trigger factors, asthma action plans, asthma first aid and much more. Each telephone conversation is specially tailored to suit your needs at the time.

No question is too difficult to answer – give us a call today!

1800 ASTHMA operates from 9:00am – 4:00pm, Monday – Friday.
