

## YEAR 11 – 2017 TERM 3 EXAM TIMETABLE

### INSTRUCTIONS

- Students must be present **10 minutes** before each test is scheduled to commence, waiting **outside** the appropriate Exam Room.
- It is the school's expectation that when students are not sitting for exams, they will be at home studying.
- There will be supervised study for students who have to remain at school between exams. In this situation, students are not to leave the school property without the permission of the House Guardian. All study is in **C2** and will be supervised by a member of Staff.
- Industry Pathway students:**
  - Industry Pathway students must attend all exam sessions. Attendance is **compulsory** at all practical workshop sessions. If a practical session clashes with a TAFE course (only), it is up to the student to organise with their teacher to attend another practical session.
  - If a practical session clashes with work experience or SAT, students must attend the exam or practical session & **re-organise their work day** to an alternative day.
- School uniform must be worn on examination days.
- It is a school expectation that once exams have finished that students are only on the premises on official school business.
