1 June 2017

The Rector

Passing of Brett Forte

As a community, we understand the special significance our police service plays in keeping us safe from harm. We have all been moved by the tragic loss of Senior Constable Brett Forte in the Lockyer Valley region. I know we have staff and parents who need our prayers following this tragic loss. I ask that we all continue to pray for the family and friends of Brett Forte and all others who have been touched by this tragedy.

O Almighty God, Watch over all policemen and Law enforcement officers everywhere. We pray that your loving comfort and strength be ever present in the homes of the families of police who have given their lives for the sake of the community.

May the friends and colleagues of police who have given their lives in the line of duty be inspired by their example of dedication given at so great a cost. May their friends and colleagues share love and concern for each other and so lighten the burden of their loss.

We pray that you may continually give strength, inspiration and compassion to those who, by their office or vocation, offer comfort and support to the families and friends of police who have suffered death or injury in their line of work.

Amen

New Senior Schooling System

Last week we had Chris Rider, QCAA Chief Executive Officer, address our Academic Leaders about the new senior school system. The new system of senior schooling will be introduced into Queensland schools in 2019, with the first Year 12 cohort graduating with an Australian Tertiary Admission Rank (ATAR) in 2020. This change will apply to the current Year 9 cohort.

As we prepare for these changes, it is important that parents of boys in Years 10 -12 understand that the current system is a reliable and valid system and the move to the new system for the current Year 9 students, in no way compromises the integrity of the current system. For parents with boys in Years 9 and below, there will be information in the form of bulletins, information evenings and QCAA material provided to support parents and students understand the new system. The key changes to the system include:

- The introduction of common external assessment in each subject.
- Strengthening the quality and comparability of school-based assessment.
- Replacing the Overall Position (OP) with the Australian Tertiary Admission Rank (ATAR).
- Combine school-based and external assessment to derive final subject results.
- Four assessments (3 school-based + 1 external) per subject.
- School-based assessment will generally contribute 75% to a student's final subject result; 50% in maths and science.
- QCAA will endorse and confirm school-based assessments; and ratify subject results.
- Students will receive a numerical and an A-E final subject result.

Queensland's current senior assessment system began in the early 1980's. The OP system was introduced in 1992. In a 2014 report, the Australian Council for Educational Research (ACER) said these arrangements were fair and reliable, but would not

be sustainable in the long term. ACER recommended changes to achieve greater rigour and simplicity.

The introduction of a new system will result in significant changes to our College calendar. With Term 4 being largely given over to external exams, we will be looking at the transition point into the new syllabuses for senior. This may mean that students begin their senior subjects at some time in the second semester of Year 10. External exams and other changes to the way teachers prepare internal school based assessment means that we are currently reviewing our College calendar. In this regard, AIC schools have recently voted to undertake a full review of AIC sport. This will take place in Semester 2 of this year.

Board Planning Weekend and Strategic Plan Update

Last weekend the College Board attended a weekend at Amaroo to work on the College's strategic plan for 2018 -2020. The weekend with the College Board follows meetings with the College's Leadership Team, students, staff groups, the Friars at Adele Street and the Definitory. Damien Brennan is leading the consultation. The weekend away was the opportunity for the Board to review the feedback from the various groups and to provide direction for the College's Leadership Team around the first draft of the plan. All going to plan we hope to have a draft out to the community for another round of consultation by the end of this term.

Oval Rectification – Greccio Campus

Following the discovery of a piece of material containing asbestos in April, it has been decided to landscape the area under the trees. Work will take place out of school hours by a licenced contractor with preliminary works on the project due to commence in the coming holidays. The project will include artificial turf, an outdoor playground and gym equipment and seating areas. There will be no exposed areas of soil after the project is completed. It is expected that work on the affected site should be completed by the end of the Term 3 holidays.

**Peace and all good,
Mr Peter Elmore
Rector**

Chickenpox Varicella

There has been a confirmed case of Chickenpox Varicella within the College. Please read the attached information sheet to be aware of the signs, symptoms and treatment.

The Chaplain

Some thirty years ago the distinguished historian, Barbara Tuchman authored a book, *The March of Folly*. An expose of the one of the most compelling paradoxes of history - the pursuit by governments of policies contrary to their own interests. By way of supporting her thesis she examined three major world events - the Renaissance

Popes and the Protestant Reformation; How the British lost North America; and the U.S. Betrayal of itself in Vietnam.

Should Tuchman be alive today she could add a chapter on the Vatican and clergy shortages.

Around the world today there are tens of thousands of Catholics who because of a dwindling number of priests are deprived of the opportunity to celebrate Mass. In the rural dioceses, be it in Australia, Canada, the United States, or towns in France, Spain, Germany, and heavily Catholic populations of Latin and South America, Catholics no longer have the Eucharist as part of their lives.

The Catechism of The Catholic Church, para. 1324, states, "the Eucharist is the source and summit of the Christian Life." I believe that without the possibility of Catholics coming together to celebrate Mass, Catholics will gradually fade away. There is a solution.

In an interview with a German daily newspaper, Leonardo Boff, a former Franciscan friar believed that a married clergy is possible in Brazil, for his submission now has the support of the Brazilian bishops, as it had with recently deceased Franciscan Cardinal Arns. In that country there are 140 million Catholics but only 18,000 priests, when it should have at least 100,000 clergy!

I believe that Pope Francis is likely to be more open to this - he is not hidebound by that Catholic fundamentalism of his predecessors, John Paul II, and Benedict XV.

In this time of crisis let not our Bishops be silent. We need prophetic and courageous men, not prepared to muddle through with eyes and minds closed to the reality. If these men teach of the importance of the Eucharist, they must know that increasingly with fewer and fewer priests, and with Mass only irregularly celebrated, Catholics will gradually dwindle away from the church. Truly "the March of Folly."

Fr John Boyd-Boland ofm

COLLABORATION

Collaboration is one of three fundamental ingredients in sound leadership. It is about people working together, listening to one another, valuing one another and respecting one another's opinions.

Collaborative people foster discussion, and collaborative leaders ensure that their team stays fresh, so they infuse their team with new players. Successful company leaders today welcome Generation Y, and value their insights. Schools should be places of collaboration, where all stakeholders are consulted, and their views respected. When directors of a company, managers, workers, shareholders, and customers work together for the betterment of all, then we have collaboration.

The successful leader recognises, in all humility, that he is not the sole repository of wisdom, and that he has his faults, that he is vulnerable, and that he does not have all the answers.

Collaboration has today's leaders harnessing ideas, people, and resources from across boundaries of all

kinds. Differences in convictions, in opinions, and values does add complexity to collaborative efforts, but the organisation is all the richer for this effort.

Fr John Boyd-Boland ofm

From the Pastoral Care Team

Year 12 Last Game at Banyo

This week is the last round of AIC matches at Banyo for 2017. This is an important fixture for Year 12 students who will experience a range of emotions as they watch their friends, or compete themselves for their last time for Padua at Elliott Road.

On behalf of the senior group, I would like to invite all of our community out to Banyo this weekend to wear your Padua colours and support our young men on this special occasion.

Leaving Early

Could I please remind all families that the appropriate method for students to leave the College during school hours if they are sick, or they need to leave for any prearranged reason is to:

1. Report to the Main Office / Greccio Office /PC Centre
2. Have the office call a family member to come and collect the student with their appropriate belongings or if prearranged, to meet the student at the relevant College Office
3. Have the office staff wait with the student until they are collected.

There are many reasons why the College does not allow students to call to be collected personally without involving the College. The most significant of these is in the case of illness, the College needs to be able to monitor the health and or safety of any potentially ill student before he may eventually depart.

Could I please ask that families remind their sons to please report to the PC Centre, Greccio Office or the College Office if they need to leave the College. If the departure is pre-arranged, the student should attend school with an accompanying note, phone call or email to the College advising of this departure.

Year 6 Camp

Good luck to our Year 6 boys who embark on their 2017 outdoor education experience in the coming weeks. We look forward to hearing all their stories upon their return.

Year 11 PALS – Connecting with the Community

Last week it was great to see the Year 11 students completely engaged by guest speaker, Mr Eric Bailey. Formerly an NBA, NBL and College basketball player, Mr Bailey delivered the message of “Don’t Be Lazy – You Can Achieve!” to all of the Year 11’s. In coming weeks, the boys will hear about the Bronwyn Healy Story about support for violence against women, and tomorrow will again hear from successful former students and how they have forged successful lives in the community.

Raising Young Men – Tip of the Week

To compromise is not weak, it is an important skill for life. Let your son know that to walk away from a fight or to negotiate an agreement demonstrates strength of character and a level of maturity. It can also be the ‘manly’ thing to do.

Mr Ben Lowrie

Formation

Dear Padua Families

‘Go out make disciples of all nations’ Jesus tells his disciples before he leaves them finally for his place with God. What does that mean for us in 2017? The answer can be found in the song we have been singing as our Opening Song at all our major Eucharists this year. In the song “Love the Gospel” we are reminded that “With our ears, and eyes, and hands and lips and minds and hearts . . . we live the Gospel.” With Jesus no longer present physically in our midst you and I are the visible face of Christ each and every day. We are called through the living of our lives that Jesus lives on in us and through us always. This is an incredible challenge and privilege. In many ways, we do that at Padua. Take for example the excitement and energy surrounding our 2017 Franciscan Appeal. Many classes and individual students show by their enthusiasm that that they are the ears, eyes, hands, lips, minds and hearts of Jesus through their support of the staff and students of St Francis of Assisi College, Timor-Leste.

2017 Franciscan Appeal

The activity in this year’s Franciscan Appeal has certainly hotted up in the last couple of weeks.

On Monday, we had our Term 2 Casual Dress Day with a great support from the student body (thanks parents!). Over \$2000 was raised from that event.

On Wednesday, the final of the House of Origin Touch Lunch Time Footy Competition was staged. In conjunction with that we had a sausage sizzle and wood fired pizza stalls feeding the crowds! Then Greccio boys came over making the finals atmosphere all the more fun for all. A huge thanks to Adrian Gray and his boys for running the sausage sizzle stall and to Joseph Vitale (Year 6) and his extended family who made, cooked and served 70 authentic wood fired pizzas! We are truly blessed by the generosity of so many members of our College community who want to be part of all that we do at Padua.

Other Franciscan Appeal Events:

Thursday 1 June

Battle of the Bands Competition

Monday 19 June

Curry Day (see flyer for further details and pre-payment requirements)

2017 Targets:

Assisi PC Classes = \$500 per class (\$35 per student)

Greccio Classes = \$1000 per class (\$35 per student)

Beirne, Boyd-Boland and Grigg House Eucharists

Thank you to all those families who made it their priority to attend their House Eucharist this term. The celebration of the Eucharist is an important part of the spiritual life of the College. Our House Eucharists are an important time for each House to come together as a House during the year. St Francis, himself, regarded the Eucharist as essential nourishment for his daily prayer life.

Kirby, Mitchell and Odoric House Eucharists

This is an advance reminder to members of the above Houses about the dates for your House Eucharists coming up in the future.

Please note these dates in your family calendars:

- **Mitchell House** – 18 July
- **Odoric House** – 10 August
- **Kirby House** – 24 August

Email Invitations will be sent to you and your son in the weeks prior to your House Eucharist. All staff and students are expected to attend these liturgies. Supper will follow so please bring a plate to share.

Year 6 Grandparents Day

Last week the College welcomed many of the Grandparents of Year 6 boys for their annual Grandparents Morning. The visit began with mass, was followed by class visits and concluded with a lovely morning tea while being entertained by Mr Tweddell's and Mr Beyer's Junior FCIP Ensembles. The boys then gave their Grandparents a gift of a small pot planted with sunflower seeds. Thank you to Fr John, Mr Casey, Year 6 Teachers, Mr Beyer, Mr Tweddell and Mrs Farry who all helped to ensure the morning was a success.

'Pilgrimage 2018'

Over the last couple of weeks, I have had several enquiries from families who are still interested in the 2018 Franciscan Pilgrimage to Italy. It is not too late to enquire and register your interest in this event. We currently have 21 families who are on our list which is great news! Please contact Mr O'Brien at mobrien@padua.qld.edu.au requesting the information if you are interested. Your enquiry does not obligate you in anyway but you will be given a prompt and cheerful reply!

To those families who have registered their interest the next step will be to write a letter of interest and pay a refundable deposit of \$200 to the College. Details of how to do this will be emailed soon.

2018 Pilgrimage Fundraiser

This week you will have received an email relating to a great Paduan inspired fundraising idea that would be a wonderful keepsake and help support the 2018 Franciscan Pilgrimage. It is a Padua Cushion! This beautiful 50cm x 50cm memento would make a great Graduation gift or suitable decoration for any Paduan! We must place a minimum order of 150 for the fundraiser to be successful. Please support the College and the 2018 Franciscan Pilgrimage. Fr John has already placed his

order!! Follow the link to our School Events Calendar to place your order at the link below:

<http://www.padua.qld.edu.au/news-and-events/school-events-calendar/detail/34489>

Special Prayers and Intentions

From time to time all of us need some prayerful support. As a Catholic community prayer is at the heart of all that we do.

Mass is offered every Friday where your prayer intentions can be requested.

This week we commemorate, celebrate and reflect upon our life in this country as indigenous and non-indigenous people. I close my column with this prayer and commend it to all the Paduan Community.

Let us pray together:

God of all creation, as we journey together in this Great Southern Land, we pray for healing, forgiveness and unity, creating a path of good will, with justice and compassion.

Jesus through the power of your love, You have given us the courage, wisdom and strength to share our gifts and talents in humility. In peace and understanding we reconcile with each other.

Creator Spirit, we come together in prayer and thanksgiving for the many blessings we have received. Allow your Spirit to wash over us and give us strength, to walk together, as one. Amen.

**Peace and all good,
Mr Michael O'Brien**

Grigg House Breakfast Fundraiser

Grigg House Leaders Ryan Creeley and Dylan Bradbury hard at work last week cooking pancakes for proceeds towards our Franciscan Project! Thank you to all students and staff for their positive support towards this fundraising cause.

Please pray for the sick:

Mrs Angela Coglan, Mother of Darcy (Year 9); wife of Mr Coglan (staff)
Mike Tod (husband of Emma and sons Alex and Ollie)

Please pray for those who have died.

Teaching and Learning

The New Senior System in Queensland

As mentioned in a previous Bulletin, the current Year 9 students will be the first cohort participating in the New Queensland Senior Schooling System and the Bulletin will be a primary source of communication regarding the changes and the important information you need to know. The link below will take you to a short presentation on the Queensland Curriculum and Assessment Authority (QCAA) website outlining the key elements of the new senior system.

https://www.qcaa.qld.edu.au/downloads/senior/snr_new_assess_te_info_parents.pdf

More information on the new senior system in Queensland will be provided throughout the year.

Marked Assessment Going Home

In the next few weeks, your son will be receiving his marked assessment in class. The expectation is that all marked assessment will be made available to families. This is done in two ways: 1) assessment is physically taken home, signed by a parent or guardian and returned the next day to the teacher; 2) assessment is photographed by the student so that parents can review results with their sons. Can I ask that you let your sons know you are aware their assessment is coming home and that you would like to see them when they have the assessment. Many of our task sheets have built in reflection activities to be completed following the return of results and this a good place to begin the conversation about their results for the term. As always, should you want specific information regarding your son's progress, you can contact your son's class teacher via email at any time. The email addresses at Padua are standardized and all consist of the initial of the teacher's first name, followed by the surname, followed by @padua.qld.edu.au. For example, my email address is jpacey@padua.qld.edu.au.

Semester 1 Reports

Reports will be made available to families and students by the end of Week 1 in Term 3 via the Portal.

Parent Teacher Interviews – Term 3

Parent Teacher Interviews will occur in Weeks 2 and 3 of Term 3. These provide the opportunity to speak with your son's teachers, especially in cases where you would like additional information. Bookings will be made available via the Portal on Friday July 14. If you have urgent questions regarding your

son's learning that you would like to address before Parent Teacher Interviews, please email his class teachers directly.

Last Week of Term

The last week of Term 2 is the same as any other week. All year levels are back in class and they will either be consolidating their Term 2 learning or beginning Term 3 work. I ask that all parents be aware of this.

College Teaching and Learning Expectations

As exam and assessment creeps up on us, I would like to remind families of where to access information regarding the Teaching and Learning expectations and processes that your sons and teaching staff are expected to comply with. The Frequently Asked Questions (FAQ's) page on the Teaching and Learning section of the College website answers most questions that parents will have regarding assessment dates, non-submission processes, absenteeism on an exam date and much more.

<http://www.padua.qld.edu.au/assets/Teaching-and-Learning/Teaching-and-Learning-General-Documents/Assessment-Documents/Teaching-Learning-FAQs-2016.pdf>

The key to navigating assessment time is always communication and you are always encouraged to contact your son's teacher at any time should you need to.

Mr Jason Pacey

Parents' beliefs about maths have a real impact

Brain research suggests that messages students pick up from their parents about maths and their parents' relationship with maths has the capacity to change students' maths learning and achievement. One study found that when mothers told their daughters they were not good at maths in school, their daughter's achievement declined almost immediately (Eccles & Jacobs, 1986). A more recent study found that parents' **maths anxiety** can hinder their child's learning. The parents' maths knowledge did not turn out to have an impact, only their level of maths anxiety (Maloney, Ramirez, Gunderson, Levine, & Beilock, 2015).

Both studies highlight the importance of the messages students receive. It is important as parents and teachers that we try and promote a **growth mindset**. We should be replacing sympathetic messages such as, "Don't worry, we can't all be good at maths" with positive messages such as "You can do this, I believe in you, maths is an open, interesting subject that is all about effort and hard work".

Mr Matt Hardy

Eccles, J., & Jacobs, J. (1986). Social forces shape math attitudes and performance. Signs, 11(2), 367–380.

Maloney, E. A., Ramirez, G., Gunderson, E. A., Levine, S. C., & Beilock, S. L. (2015). Intergenerational effects of parents' math anxiety on children's math achievement and anxiety. Psychological Science, 0956797615592630.

Greccio and Assisi Libraries

Greccio Library

Greccio library has once again been a hive of activity with Open Day, Scholastic Book Fair and lunchtime Makerspace activities. Scholastic sent a Clifford The Red Dog costume and our PC Eagles joined Greccio to celebrate the Book Fair, and help the boys make their wishlists.

In class, the Accelerated Reader and reading comprehension CARS & STARS program are going strong, providing us with a great deal of data on our reading progress, individually and as a cohort.

Mrs O'Driscoll read "The Cow Tripped Over the Moon" by Tony Wilson, to a captive audience at morning tea, as part of National Simultaneous Storytime, much to the boys' delight.

Assisi Library

The Learning Nest has certainly swelled our afternoon attendance numbers, and there has been an increase in the number of boys working on assignments throughout the day as we approach the final weeks of the term. We would like to remind those needing help to check the Padua Library Libguides pages, for access to databases, referencing help and many subject pages, created specifically for upcoming assignments. The Libguides provide online assistance 24/7, and can be accessed through MyApps.

The highlight of Term 2 was definitely the Year 9/10 and 11/12 Book Club meetings with the Mt Alvernia girls and their Teacher-Librarians. Padua was delighted to host two vibrant, energetic discussions in Week 6, and we are all looking forward to our next informal gathering, outside the Mt Alvernia café, in Term 3, Week 3. The Term 3 books have been ordered and will be ready for borrowing soon.

Yours in books,

Ms Hochstrasser, Mrs O'Driscoll and Mrs Weber

eLearning

Care of computers

Last week all students were sent an email regarding the care of their computers. We are currently seeing a large number of keys missing from keyboards as well as students who are choosing not to carry their laptops in cases. Please be aware that if you son is not carrying his laptop in the case you provided, this will **void their ADP**. Any damage will then be your financial responsibility.

If you son has a cracked screen, please do not leave this until after assessment to have fixed. As mentioned in previous Bulletin articles, Datacom will log a job and leave the device with your son (unless it has broken pieces and is dangerous). Once the part arrives, your son will receive an email and the part will be replaced. There is no need for the device to be re-imaged in most cases.

Please discuss with your son the importance of caring for their device, especially as we enter the end of the term.

Open Day

SBC4 Collaboration space was buzzing on Open Day with visitors having the chance to not only see our new learning space but to also interact with some of the items we use in STEAM club.

A big thank you to Christian Reggi, James Nolan (Sphero and Lego king), Kyan Yates (Little Bits champion), Lachlan Bartholomew and Rhys Saunders who gave up some time to help out.

Mrs Tanya Anderson

Class Act 50 Task Challenge

This week's challenge is a slight diversion. This article was recently published by Family Zone and outlines five risky apps for parents to be aware of and why they pose a risk to children.

<https://www.familyzone.com/blog/five-risky-apps-children-chat-share-videos>

As with any online activity, it is important that parents are informed about what children may be using, make sure that your child is in a visible area where you can monitor what they are doing when online.

Challenge: Create a golden rule of online safety and share it with a trusted adult. (eSecurity, eSafety, help and support, Respect and relationships, Cyberbullying)

P&F

Dear Parents and Friends

I know how difficult it can be for parents to attend the P&F Meetings with so many things going on – therefore I thought it might be a good idea to give parents an opportunity to contribute to the P&F, even without attending the meetings.

At the last meeting on the 9th of May we discussed possible areas of the school that the P&F could contribute to. I know that many parents want to contribute to the meetings but can't due to other school, work or social commitments, so I have created a survey for parents to select where they believe we should contribute funding towards the school. The P&F isn't just about the Committee, but about every parent and friend of the school who has some involvement, therefore I think we should try and

give parents more opportunities to get involved, even if it can't be in person.

Below is a link to the survey I created in relation to the P&F Expenditure for 2017 – there is only one question, so it will only take a couple of minutes of your time. You will be able to complete the survey until the 10th of June, so that we can prepare the results for discussion at the next P&F Meeting on the 13th June at 7.30pm in the Padua College Staff room.

Should you have any concerns or questions about the survey, please don't hesitate to contact us at pandf@padua.qld.edu.au – we are more than happy to answer your questions.

<https://www.surveymonkey.com/r/Y6B2RQD>

I look forward to sharing the results from the survey with everyone at the P and F Meeting.

Yours Sincerely

Mrs Pascale Weir
P and F President

The new 2017 | 2018 Entertainment Books are NOW AVAILABLE!

Choose from the traditional Entertainment™ Book or the NEW Entertainment™ Digital Membership, which puts the value of the Book into your iPhone or Android smartphone!

Each membership has hundreds of 50% off and 2-for-1 offers for restaurants, cafés, attractions, hotels, shopping, groceries and travel and contain over 2,000 offers that you can use whenever you like until 1st June 2018.

PLUS, PADUA P&F retains 20% of the price of every Membership sold which goes towards P&F College projects.
