# **STUDENT PROTECTION POLICY**

This policy is modelled on the Student Protection Processes  
for Queensland Catholic School Authorities

# FOREWORD

The most important concerns of any community should be the health, safety and wellbeing of its children and young people. Children and young people should grow up free of violence and exploitation. They should be able to develop spiritually, physically, intellectually, emotionally and socially in conditions of freedom and dignity.

## The Catholic Church affirms that:

*“The Catholic School sets out to be a school for the human person and of human persons. ‘The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ’s teaching: that is why the promotion of the human person is the goal of the Catholic school’.”*

‘The Catholic School on the Threshold of the New Millennium’  
(Congregation for Catholic Education, 1999) n.9.

Padua College is committed to the safety and wellbeing of all it’s students. Padua College respects and values the dignity, self-esteem and integrity of every child and young person, based on our Christian belief that every person is made in the image of God and children and young people are entrusted to us by the love of God. Our Policies and processes around student protection show our commitment to the protection of children and young people in our College. All volunteers, staff and other personnel are required to complete student protection training. In addition to this training, they will also be supplied with, and expected to follow our Code of Conduct.

Those in positions of responsibility acknowledge their responsibility to have in place proactive policies and procedures which will;

- provide students with a safe school environment;
- ensure that school personnel have the knowledge and skills they need to promote such a safe environment; and;
- provide a prompt and supportive response to an allegation or suspicion of harm of any kind.

I thank you for your support of our students and most importantly, your commitment to their care and wellbeing.

# 1 Our Responsibilities

Padua College is committed to creating and maintaining safe environments for students. A critical area of importance is how to respond to, and report abuse, harm and the behaviour of a staff member that a student considers is inappropriate. This document sets out the responsibilities for staff members at Padua College where they have a concern for the protection of a student, including addressing processes required by law:

- Processes for how Padua College will respond to harm, or allegations of harm, to students;
- A process for the reporting by a student to a stated staff member of behaviour of another staff member that the student considers is inappropriate;
- A process for how the information reported to the stated staff member must be dealt with by the stated staff member;
- A process for reporting sexual abuse or suspected sexual abuse in compliance with the *Education (General Provisions) Act 2006*, section 366; and a suspicion of likely sexual abuse in compliance with the *Education (General Provisions) Act 2006*, section 366A; and
- A process for reporting a reportable suspicion under the *Child Protection Act 1999*, section 13E.

These processes apply to all staff members employed by Padua College.

## 2 Reporting Processes

This section of the processes sets out a summary of the actions that must be taken if a staff member has concerns or suspicions, or makes allegations about abuse of, or harm to, a student or if there is a report of behaviour by a staff member that a student considers is inappropriate. Further detail around these key child protection concepts are contained within the Student Protection Guidelines.

In general terms, the process for responding to and reporting student protection concerns is as follows:

Identify	Identify student protection concerns through recognising the signs of abuse and harm, and through disclosures or receipt of information;
Confer	Seek guidance and support – if necessary, confer with the Rector, Vice Rector Pastoral Care, Student Protection Officers, or use resources such as the <i>Queensland Child Protection Guide</i> to establish whether a ‘reasonable suspicion’ has been formed;
Report	Where a reasonable suspicion of abuse, harm or inappropriate behaviour is formed – report the concerns according to the specific processes outlined in this document;
Support	Remain focused on the support needs of the student and liaise with the Rector around any planning or actions that are required.

### 2.1 Conferral with colleagues and accessing support

Engaging in appropriate consultation processes is an important element of responding to concerns around the safety and wellbeing of students, in order that any decision-making process is fully informed.

Staff members may confer (meaning formally consult and document any agreed actions as a record. Conferring is not reporting) with an appropriate colleagues, for example the Rector, Vice Rector Pastoral Care or Student Protection Contacts, in order to establish whether the information to hand may constitute a reasonable suspicion of abuse, harm or inappropriate behaviour. This process is encouraged as a means of ensuring the best possible response to a student concern.

When deciding who to confer with from the those identified above, it is important that staff members consider whether any of those nominated colleagues could be involved in any way in the circumstances which give rise to the concern, as this may impact on their ability to be impartial and/or independent (for example, if the colleague is or could be the subject of the concern. If there is the potential that a colleague (who would otherwise be appropriate to consult with) may be involved in any way in the circumstances giving the rise to the concern that may impact on their ability to be impartial and/or independent, the staff member must not confer with that person. Staff members must never notify the source of concern, or a person potentially involved in the concern, that a student protection concern has been raised about them.

Confidentiality is an important element of conferral processes. Information sharing should be limited to appropriate colleagues (as detailed above) and to the extent necessary to respond to the safety and wellbeing of a student and to give effect to the processes outlined in this document. The Student Protection Guidelines contain further detail around confidentiality and information sharing.

Again, the purpose of the conferral process is to assist a staff member in determining whether there is a reasonable suspicion of abuse, harm or inappropriate behaviour which gives rise to an obligation to report. A Rector, for example, may have additional information about a student or their family, or another staff member not known by the staff member, but which :

- Provides greater context to the concerns identified by the staff member;
- Changes the seriousness of the concerns, particularly as to whether the harm or risk of harm to a student is “significant”;
- Provides greater clarity around whether there is a parent able and willing to protect the student.

In addition to conferring with the Rector, Vice Rector Pastoral Care and the Student Protection Contacts, a number of practical tools and resources exist to support staff members in their decision making, including the *Queensland Child Protection Guide* – an online decision support guide that has been developed to assist professionals to appropriately report or refer families to Department responsible for Child Safety or other service providers in a timely manner.

Staff members should refer to their Code of Conduct to assist in understanding and responding to inappropriate behaviour by a staff member. The Queensland College of Teachers offers a range of professional standards and resources that may also assist.

Staff members can also access [insert local resources]

It is important for staff members to understand that while they may confer, conferring does not replace the staff member’s obligation to report as detailed in these Student Protection Processes.

## **2.2 Requirement to report sexual abuse or likely sexual abuse to the Queensland Police Service**

In accordance with sections 366 and 366A of the *Education (General Provisions) Act 2006*, if a staff member becomes aware or reasonably suspects in the course of the staff member’s employment at the school that a student has been sexually abused or is likely to be sexually abused by another person, the staff member must immediately provide a written report using the **Student Protection Reporting Form** to the Rector or the delegate of the College Board. The Rector or the delegate of the College Board is required by law to immediately forward a copy of the Student **Protection Reporting Form** to the Queensland Police Service. See Flowchart 1.

Where the first person is the Rector of the School, the Rector must immediately make a written report of the concerns directly to the Queensland Police Service and to the delegate of the College Board using the **Student Protection Reporting Form**. See Flowchart 2.

Where the reasonable suspicion of sexual abuse or likely sexual abuse is against the Rector, the **Student Protection Reporting Form** must be submitted by the first person to the delegate of the College Board, who must immediately forward a copy of the **Student Protection Reporting Form** to the Queensland Police Service.

The Rector or Director of the Governing Body must, as a matter of urgency, advise the first person that the report has been forwarded to Police. This advice should be in writing where possible.

**NOTE 1: If a reasonable suspicion of sexual abuse or likely sexual abuse is formed, a report to the Queensland Police Service is to be made even if there is a parent able and willing to protect the child from harm.**

Whilst the legislation relating to the mandatory reporting of sexual abuse and likely sexual abuse as outlined above relates only to students under 18 years of age, these processes extend the meaning to include students who are 18 years of age or above.

In addition, whilst the legislation limits the mandatory reporting of sexual abuse or likely sexual abuse of a student to reasonable suspicions formed in the course of the staff member's employment at the school, it is the policy of Padua College that all reasonable suspicions of sexual abuse of students, regardless of when they are formed, are reported to Queensland Police in accordance with the processes.

**NOTE 2:** Staff members have a legal obligation to report under sections 366 and 366A of the *Education (General Provisions) Act 2006 ('the Act')* which cannot be delegated or transferred. Failure by a staff member to comply with this legal obligation, as required in this document, may breach the Code of Conduct and may result in disciplinary action against the staff member. In addition, a staff member who fails to make a report in accordance with this obligation may also breach the Act and may be charge with this failure. A conviction of such an offence could result in a financial penalty in addition to investigation by the staff member's professional body.

### **2.3 Reporting significant harm or risk of significant harm to a student where there may not be a parent able and willing to protect the student from harm.**

#### **Mandatory reporting responsibilities for approved teachers**

Approved teachers have a **mandatory reporting** obligation under section 13E of the *Child Protection Act 1999* to make a report to the Department responsible for Child Safety when a teacher forms a 'reportable suspicion' about a child.

A reportable suspicion is a reasonable suspicion:

- That a child has suffered, is suffering, or is at an unacceptable risk of suffering, significant harm caused by physical abuse or sexual abuse; **and**
- There may not be a parent able and willing to protect the child from harm.

A teacher fulfils this mandatory reporting obligation by:

- Making a written report using the **Student Protection Reporting Form** to the Rector of the reportable suspicion (or if the allegation is against the Rector to the delegate of the College Board and as a matter of urgency, receiving written confirmation from the Rector or the delegate of the College Board of the date and time that the report was submitted to the Department responsible for Child Safety; or
- Making a report directly to the Department responsible for Child Safety via the online reporting form.

When the Rector or delegate of the College Board receives a report, where a teacher has formed a 'reportable suspicion', they **must**, as a matter of urgency, forward the report to the Department responsible for Child Safety.

Where the Rector forms a 'reportable suspicion', they must make a report directly to the Department responsible for Child Safety.

Teachers are encouraged to make mandatory reports to the Department responsible for Child Safety through the Rector (as described above). However, if a teacher forms a 'reportable suspicion' about a student, the teacher **must** satisfy themselves, as a matter of urgency, that the Rector has provided a report to the Department responsible for Child Safety.

If the teacher does not reasonably suppose that the Rector has provided the report to the Department responsible for Child Safety, the teacher **must, as a matter of urgency**, make the report directly to the Department responsible for Child Safety. Teachers are encouraged to confer with Padua College Student Protection Contacts for support in making the mandatory report themselves.

Again, the *Child Protection Act 1999* limits the mandatory reporting of reportable suspicions to those formed in the course of the teacher's engagement at the school. However, it is policy of Padua College that all reasonable suspicions that a student has suffered, is suffering or is at unacceptable risk of suffering significant harm and may not have a parent able and willing to protect them from the harm, regardless of when they are formed, are reported to the Department responsible for Child Safety in accordance with these processes.

Where a staff member reasonably suspects a student has suffered, is suffering or is at unacceptable risk of suffering significant harm, due to sexual, physical, emotional/psychological abuse or neglect *and may not have a parent able and willing to protect the student from the harm*, then the staff member must make a written report of the concerns to the Rector using the **Student Protection Reporting Form**, who in turn must immediately forward the **Student Protection Reporting Form** to the Department responsible for Child Safety – Regional Intake Service. See Flowchart 3.

Where the allegation is against the Rector the staff member must submit the **Student Protection Reporting Form** to the delegate of the College Board who in turn must immediately forward the **Student Protection Reporting Form** to the Department responsible for Child Safety – Regional Intake Service Queensland .

The Rector or delegate of Padua College Board must, as a matter of urgency, advise the staff member that the report has been forwarded to the Department responsible for Child Safety. This advice should be in writing where possible.

Where a Rector themselves reasonably suspects a student has suffered, is suffering or is at unacceptable risk of suffering significant harm, due to sexual, physical, emotional/psychological abuse or neglect and may not have a parent able and willing to protect the student from the harm, they must make a report directly to the Department responsible for Child Safety.

(Copies of all student protection reports are filed in a locked cabinet in the Rector's office and electronically stored using the College's Administration System.)

**NOTE 3:** Teachers have an obligation to report under section 13E of the *Child Protection Act 1999*. This obligation cannot be delegated or transferred to another person. As stated, by policy this obligation is extended to all staff members (not just teachers). Failure by staff to comply with the obligation to report, as

required in this document, may breach the Code of Conduct and disciplinary action may be taken against the staff member.

## 2.4 Requirement to Report a Child Sexual Offence

In addition to the requirement to report sexual abuse or likely sexual abuse, section 229BC of the *Criminal Code Act 1899* mandates the reporting to the Queensland Police Service of information relating to a child sexual offence. This is a general requirement applying to all adults (18 years or over) when information causes, or ought reasonably to cause, the adult to believe that a child sexual offence is being or has been committed against a child by another adult (for more details see Legislative References).

A report does not have to be made under the *Criminal Code Act 1899* if a report has already been made under the *Education (General Provisions) Act 2006* (reporting sexual abuse or likely sexual abuse) or the *Child Protection Act 1999* (reporting significant harm or risk of significant harm). Therefore, a report will only need to be made under the *Criminal Code Act 1899* if a matter that would constitute a child sexual offence by an adult has not already been reported under the above two acts.

**NOTE 4:** Staff members have a legal obligation to report under section 229BC of the *Criminal Code Act 1899*. This obligation cannot be delegated or transferred. Failure to comply with this legal obligation, as required in this document, may breach the Code of Conduct and disciplinary action may be taken against the staff member. Failure to report may also constitute a breach of the *Criminal Code* for which a staff member may be charged and subjected to a fine or imprisonment if convicted.

### **IMPORTANT NOTICE: Failure to protect a child from sexual abuse**

In addition to the requirement to report a child sexual offence, under section 229BB of the *Criminal Code Act 1899* it is a criminal offence for an adult to fail to protect a child from a child sexual offence.

A failure to protect offence will be committed if an adult in a school:

- a) Knows there is a significant risk that another adult associated with the school will commit a child sexual offence against a child; and
- b) They have the power or responsibility to reduce or remove the risk, and
- c) They wilfully or neglectfully fail to reduce or remove the risk.

## 2.5 Requirement to respond to harm or allegations of harm to students

In accordance with section 16 (1) of the *Education (Accreditation of Non-State Schools) Regulation 2017*, a school must have written processes to respond to harm or allegations of harm to a student. Therefore, in addition to the requirements outlined in sections 2.2 and 2.3 above, staff members must respond to any reasonable suspicion in accordance with the required processes that a child has suffered, is suffering or is at unacceptable risk of suffering, significant harm caused by emotional abuse, neglect, self-harm, or harm caused by others – for example, by other students or by other persons in the community.

### **Harm or risk of harm to a student caused by self-harm**

Where a staff member forms a reasonable suspicion that a student has self-harmed or is at risk of self-harm, the first priority is the immediate safety of the student and determining whether the self-injury or risk of self-injury is significant, for example an injury requiring medical attention. The priority in cases of significant self-harm is therefore meeting the immediate medical and psychological needs of the student, which may require the administration of first aid and/or immediate contact with emergency services or mental health services.

The staff member then raises the concern of self-harm with the Rector, and contact should be made with the student's parent/care-provider, unless doing so places the student at further risk of harm.

Where the staff member forms a reasonable suspicion that a student has suffered, is suffering or is at unacceptable risk of significant harm, as a result of self-harming behaviour AND may not have a parent able and willing to protect the student from harm, (for example refusing to support the student in accessing medical or psychological care), then a written report must be made in accordance with the reporting processes detailed in section 2.3 as a concern of neglect.

### **2.5.2 Harm or risk of harm to a student caused by another student**

Where a staff member forms a reasonable suspicion that a student has been harmed or is at risk of being harmed by another student, the first priority is the immediate safety of the student, which will include determining whether the effect on the student is significant, for example, an injury requiring medical attention.

Where there is a significant injury or immediate risk of significant injury to a student, the priority is meeting the medical and safety needs of the student, which may require the administration of first aid, immediate contact with emergency services and contacting the student's parent(s) or care-provider(s).

Behaviour between students is managed in accordance with Padua College's written processes for the conduct of students, or relevant behaviour support guidelines. In cases where criminal offences have been alleged, for example the serious assault of a student by another student over the age of 10 years, parents and care-providers should be made aware of the option to pursue action through the Queensland Police Service. Padua College will cooperate with any resulting investigation.

Allegations of bullying behaviours, including online behaviours, are managed in accordance with Padua College's bullying procedures.

Where a staff member forms a reasonable suspicion that a student has suffered, is suffering or is at unacceptable risk of significant harm, as a result of student to student behaviours AND may not have a parent able and willing to protect the student from harm, (for example an inability to provide supervision for the student), then a written report must be made in accordance with the reporting processes detailed in section 2.3.

### **2.5.3 Responding to student sexual behaviour**

Sexual behaviours of various kinds may be evident in children, particularly in the early years. Some forms of sexual behaviour may be considered developmentally appropriate for the child's age and stage of development. Other behaviours may indicate that the child could have been exposed to inappropriate material or experiences (for example, reports of very young children knowing about and experimenting with oral sex). Resources such as those published by the Department responsible for Child Safety can assist in identifying age inappropriate sexual behaviour.

Suspicion that a student has been sexually abused may also be formed in some circumstances where a student exhibits concerning sexual behaviour. In these circumstances, a report to the Queensland Police Services is required as outlined in section 2.2 and an assessment of the requirement to report made under section 2.3 is also required.

### **2.5.4 Harm or risk of harm to a student caused by a person not associated with the school or family**

There may be some circumstances where a staff member becomes aware of a concern that a student has been harmed, or is at risk of harm, by a person not associated with the school or family. As with the broader responses to harm, consideration must first be given to whether the harm or risk of harm is significant and whether there is a parent able and willing to protect the student from harm.

In circumstances where there is a parent able and willing to protect the student from harm, then the parents/guardians must be notified of the concerns as soon as possible. Where there is not a parent/guardian

able and willing to protect the student and there is a reasonable suspicion of significant harm or risk of harm, then the reporting process detailed in section 2.3 must be followed.

Where the risk is immediate, for example the abduction of a student walking to school, then the Queensland Police Service must be contacted immediately.

## **2.6 Responding to concerns that do not meet the threshold for reporting**

A staff member may identify concerns regarding a student that ultimately do not form a reasonable suspicion of sexual abuse, likely sexual abuse or significant harm, however, indicate that without support or intervention a student and/or their family are at risk of entering the child protection system.

These concerns should be raised with the Rector, who may refer the student/and or their family to the appropriate service. This may include support options through the school, such as the School Counsellor, or to community-based options such as Family and Child Connect.

The Queensland Catholic Education Commission Student Protection Guidelines provide detail around the options that are available to support students and families.

### **2.6.1 Responding to allegations against staff members, including the Rector and volunteers**

In accordance with section 16 (2) of the *Education (Accreditation of Non-State Schools) Regulation 2017*, a school must have a process for the reporting of staff behaviour that a student considers to be inappropriate.

Additionally, a school must have a process to respond to the reported staff inappropriate behaviour.

Therefore, if a staff member becomes aware of staff behaviour that a student considers to be inappropriate, the staff member must report this behaviour in accordance with the designated process without delay.

A staff member's failure to report may constitute a breach of the Code of Conduct and disciplinary action may be taken against the staff member.

### **2.6.2 Allegations of sexual abuse or likely sexual abuse against a staff member or volunteer**

A staff member may form a reasonable suspicion that a student has been sexually abused or is likely to be sexually abused by a staff member or volunteer.

In these circumstances, the reporting processes detailed in section 2.2 must be followed.

Padua College has additional processes for dealing with allegations against staff members or volunteers. They are:

- If the alleged perpetrator is a staff member or volunteer the Rector or the Padua College Board will seek advice from police as to if and when the staff member or the volunteer is to be informed of the allegation.
- If the alleged perpetrator is a volunteer the volunteer may be excluded from the school.
- If the alleged perpetrator is a staff member, the Rector or the Padua College Board (as applicable) may suspend the alleged perpetrator pending investigation taking into account the gravity of the allegations and the risk of harm to students if the allegations are true. If there is a significant risk of harm to students by a staff member, the Rector or the Padua College Board (as applicable) must act at the earliest possible moment on the best advice available in the circumstances.
- Pastoral care and support will be offered to the alleged student victim of the sexual abuse or the suspected sexual abuse or the likely sexual abuse and, where appropriate, the alleged student

victim's family.

### **2.6.3 Allegations of sexual abuse or likely sexual abuse against a Rector**

A staff member may form a reasonable suspicion that a student has been sexually abused or is likely to be sexually abused by the school Rector.

In these circumstances, the reporting processes detailed in section 2.2 must be followed and the report from the staff member must be made to the delegate of the College Board, not the Rector.

Padua College has additional processes for dealing with allegations against the Rector. They are:

- If the alleged perpetrator is the Rector, the Student Protection Delegate of the Padua College Board, in consultation with the Chairperson of the Board, will seek advice from the Relevant State Authority as to if and when the Rector is to be informed of the allegation.
- If the alleged perpetrator is the Rector, the Padua College Board may suspend the Rector pending investigation taking into account the gravity of the allegations and the risk of harm to students if the allegations are true. If there is a significant risk of harm to students by the Rector the Padua College Board must act at the earliest possible moment on the best advice available in the circumstances.
- Pastoral care and support will be offered to the alleged student victim of the sexual abuse or the suspected sexual abuse or the likely sexual abuse and, where appropriate, the alleged student victim's family.

#### **IMPORTANT NOTICE: Sexual activity between staff members and students**

The involvement of any staff member or volunteer within a school in sexual activity with, or sexual exploration of, a student attending that school is always to be regarded as sexual abuse.

### **2.6.4 Allegations of harm against a staff member or volunteer**

A staff member may form a reasonable suspicion that a staff member or volunteer has harmed a student. In these circumstances, follow the following process:

- If the alleged perpetrator is a staff member or volunteer the Rector or the Student Protection Contact as applicable will seek advice from the Relevant State Authority as to if and when the staff member or the volunteer is to be informed of the allegation.
- If the alleged perpetrator is a volunteer the volunteer may be excluded from the school.
- If the alleged perpetrator is a staff member, the Rector may suspend the alleged perpetrator pending investigation taking into account the gravity of the allegations and the risk of harm to students if the allegations are true. If there is a significant risk of harm to students by a staff member the Rector must act at the earliest possible moment on the best advice available in the circumstances.

### **2.6.5 Allegations of harm against the Rector**

A staff member may form a reasonable suspicion that the Rector has harmed a student. In these circumstances follow the following process:

- If the alleged perpetrator is the Rector, the Student Protection Delegate of the Padua College Board, in consultation with the Chairperson of the Board, will seek advice from the Relevant State Authority as to if and when the Rector is to be informed of the allegation.
- If the alleged perpetrator is the Rector, the Padua College Board may suspend the Rector

ending investigation taking into account the gravity of the allegations and the risk of harm to students if the allegations are true. If there is a significant risk of harm to students by the Rector the Padua College Board must act at the earliest possible moment on the best advice available in the circumstances.

- Pastoral care and support will be offered to the alleged student victim of the sexual abuse or the suspected sexual abuse or the likely sexual abuse and, where appropriate, the alleged student victim's family.

### 2.6.6 Allegations of inappropriate behaviour against a staff member or volunteer

A staff member may form a reasonable suspicion that a staff member or volunteer has behaved inappropriately towards a student. In these circumstances follow process detailed in the following guidelines:

- If a staff member becomes aware or reasonably suspects that any person has behaved inappropriately towards a student, the staff member must immediately complete the Inappropriate **Behaviour Report** and provide the report to the Rector or a Student Protection Contact.
- If a Student Protection Contact or the Rector receives a report from a staff member, the Student Protection Contact or the Rector must complete the **Inappropriate Behaviour Report**.
- The Student Protection Contact must immediately provide a copy of the completed **Inappropriate Behaviour Report** to the Rector, except where the allegations are about the Rector.
- The Rector or the Student Protection Contact must determine as quickly as possible the nature of the allegation/s.
- If the Rector or the Student Protection Contact in consultation with the Delegate of the Padua College Board (as applicable) determine that the allegations concern sexual abuse, suspected sexual abuse, likely sexual abuse, harm or suspected harm of a student by any person, the reporting procedures must be immediately implemented.
- If there is any doubt the decision must always be in favour of reporting the allegations to the Relevant State Authority.

If the allegations concern inappropriate behaviour (and not harm or suspected harm or sexual abuse, suspected sexual abuse or likely sexual abuse) the Rector and/or the Student Protection Contact must investigate the allegations and respond to a report of inappropriate behaviour to a student as soon as reasonably practicable in the circumstances. An investigation of inappropriate behaviour will usually include:

- (a) informing relevant parties of the allegations made against them (as appropriate).
  - (b) ensuring all relevant parties are given an opportunity to respond to the allegations of inappropriate behaviour.
  - (c) a consideration and determination of the appropriate response to the allegations which may include, for example, conciliation, mediation, professional supervision or the commencement of a formal disciplinary or exclusion process.
- Pastoral care and support will be offered to the alleged student victim of the inappropriate behaviour and, where appropriate, the alleged student victim's family, as well as to any other persons involved in the allegations including the alleged perpetrator of the inappropriate behaviour.

### 2.6.7 Allegations of inappropriate behaviour against a Rector

A staff member may form a reasonable suspicion that a Rector has behaved inappropriately towards a student. In these circumstances, follow the following process:

- If the allegations about inappropriate behaviour towards a student are about the Rector, the staff member must immediately complete the **Inappropriate Behaviour Report** and provide the report to a Student Protection Contact.
- If the allegations are about the Rector, the Student Protection Contact must complete the **Inappropriate Behaviour Report** and consult with the Delegate of the Padua College Board who must countersign this Report.
- If the allegations are about the Rector, the Student Protection Contact must determine the nature of the allegation/s in consultation with the Delegate of the Padua College Board.
- If the Student Protection Contact in consultation with the Delegate of the Padua College Board determine that the allegations concern sexual abuse, suspected sexual abuse, likely sexual abuse, harm or suspected harm of a student by any person, the reporting procedures and must be immediately implemented.
- If there is any doubt the decision must always be in favour of reporting the allegations to the Relevant State Authority.

If the allegations concern inappropriate behaviour (and not harm or suspected harm or sexual abuse, suspected sexual abuse or likely sexual abuse) the Delegate of the College Board and/or the Student Protection Contact (as directed) must investigate the allegations and respond to a report of inappropriate behaviour to a student as soon as reasonably practicable in the circumstances. An investigation of inappropriate behaviour will usually include:

- (A) informing relevant parties of the allegations made against them (as appropriate);
  - (B) ensuring all relevant parties are given an opportunity to respond to the allegations of inappropriate behaviour;
  - (C) a consideration and determination of the appropriate response to the allegations which may include, for example, conciliation, mediation, professional supervision, or the commencement of a formal disciplinary process.
- Pastoral care and support will be offered to the alleged student victim of the inappropriate behaviour and, where appropriate, the alleged student victim's family, as well as to any other persons involved in the allegations including the alleged perpetrator of the inappropriate behaviour.

### 3 After the report is made

Once a report is made under these processes, consideration must be given to any ongoing or resulting action that is required. This includes:

- Follow up by the Rector with Queensland Police Service and/or the Department responsible for Child Safety to confirm both receipt of the report, and any action that these agencies may take.
- Implementing any risk management and pastoral support processes to address the safety and wellbeing of students, particularly in relation to allegations of sexual abuse between students, and maintain as far as possible, supportive relationships with parents, carers and families;
- Ensure that all parties involved respect the confidentiality and privacy of students and families involved; and
- Where relevant, make any preparation for the interview of a student by Queensland Police Service and/or the Department responsible for Child Safety at school – the College will use the Queensland Catholic Education Commission guideline and sample record of interview form.

### 4 Advising parents

When a student protection report to the Queensland Police Service and/or the Department responsible for Child Safety is required, it is important that parents are not contacted before the student protection report is made.

If a student protection report submitted to Queensland Police Service and/or the Department responsible for Child Safety relates to suspected abuse or neglect by a member of the student's family, the Rector will only inform the parent(s) or carer(s) of the student protection concern once confirmed as appropriate with the Queensland Police Service or the Department responsible for Child Safety. This is to ensure that any potential child protection or criminal investigation is not comprised.

In order to assist at the school level in the management of any situation and to ensure the immediate safety of any students involved, the school should request from the Queensland Police Service and/or the Department responsible for Child Safety feedback on the possible timing of their intervention and obtain some guidance about when the school may discuss the matter with the student's parent(s) or carer(s). This is particularly significant in cases of student to student sexual behaviour where it is important for the student's wellbeing to enable the parent/guardian to support the student and take steps to protect them.

## Education (Accreditation of Non-State Schools) Act 2017 and Education (Accreditation of Non-State Schools) Regulation 2017

The *Education (Accreditation of Non-State Schools) Act 2017* establishes an accreditation regime for the accreditation of non-state schools. The Act also establishes the penalties for non-compliance with the accreditation criteria.

The *Education (Accreditation of Non-State Schools) Regulation 2017* prescribes the accreditation criteria relevant for a non-state school's accreditation as mentioned in section 11 of the Act. Sections 16(1) to 16(7) of the Regulation deal with the accreditation requirements relating to the conduct of staff and students and response to harm.

## Education (General Provisions) Act 2006 and Education (General Provisions) Regulation 2017

The *Education (General Provisions) Act 2006* contains mandatory reporting requirements for all non-state school staff who become aware of or who reasonably suspect that a student has been sexually abused or is likely to be sexually abused by another person (sections 366 and 366A).

These requirements are designed to capture sexual abuse, suspected sexual abuse and likely sexual abuse of students by another person. A staff member or Rector/Principal who fails to comply with the mandatory reporting requirements in relation to the sexual abuse or suspected sexual abuse of a student commits an offence under section 366 of the *Education (General Provisions) Act 2006* and is liable for a penalty of up to 20 penalty units. However, a person does not commit an offence for failing to report the likely sexual abuse of a student under section 366A of the *Education (General Provisions) Act 2006*.

Staff making a report pursuant to the *Education (General Provisions) Act 2006* will be protected from civil or criminal liability e.g. from defamation or breach of confidence. However, staff making a knowingly false, malicious or vexatious report will not be protected by this immunity and may risk action for defamation, disciplinary action by their employer or disciplinary action by the Queensland College of Teachers.

## Criminal Code Act 1899

Section 229BC of *Criminal Code Act 1899* establishes a general requirement that applies to all adults (18 years or over) in Queensland to report to the Queensland Police Service any information that causes the adult to believe on reasonable grounds, or ought reasonably to cause the adult to believe, that a child sexual offence is being or has been committed against a child by another adult.

At the relevant time of the offending behaviour, the child victim must be under 16 years of age or a person with an impairment of the mind. A 'child sexual offence' means an offence of a sexual nature [whether or not it meets the definition of sexual abuse under the *Education (General Provisions) Act 2006*] committed in relation to a child, including for example, an offence against a provision of chapter 22 and 32 of the *Criminal Code Act 1899*.

Failure to make a report, without a reasonable excuse, is a criminal offence. A reasonable excuse not to make a report under the *Criminal Code Act 1899*, includes that a report has already been made under:

- a) the *Education (General Provisions) Act 2006* (reporting sexual abuse or likely sexual abuse)
- b) the *Child Protection Act 1999* (reporting significant harm or risk of significant harm).

## Education (Queensland College of Teachers) Act 2005

The *Education (Queensland College of Teachers) Act 2005* requires an employing authority to notify the Queensland College of Teachers (QCT):

- about particular allegations
  - as soon as practicable, after starting to deal with an allegation of harm or likely harm to a child due to the teacher's conduct (section 76)

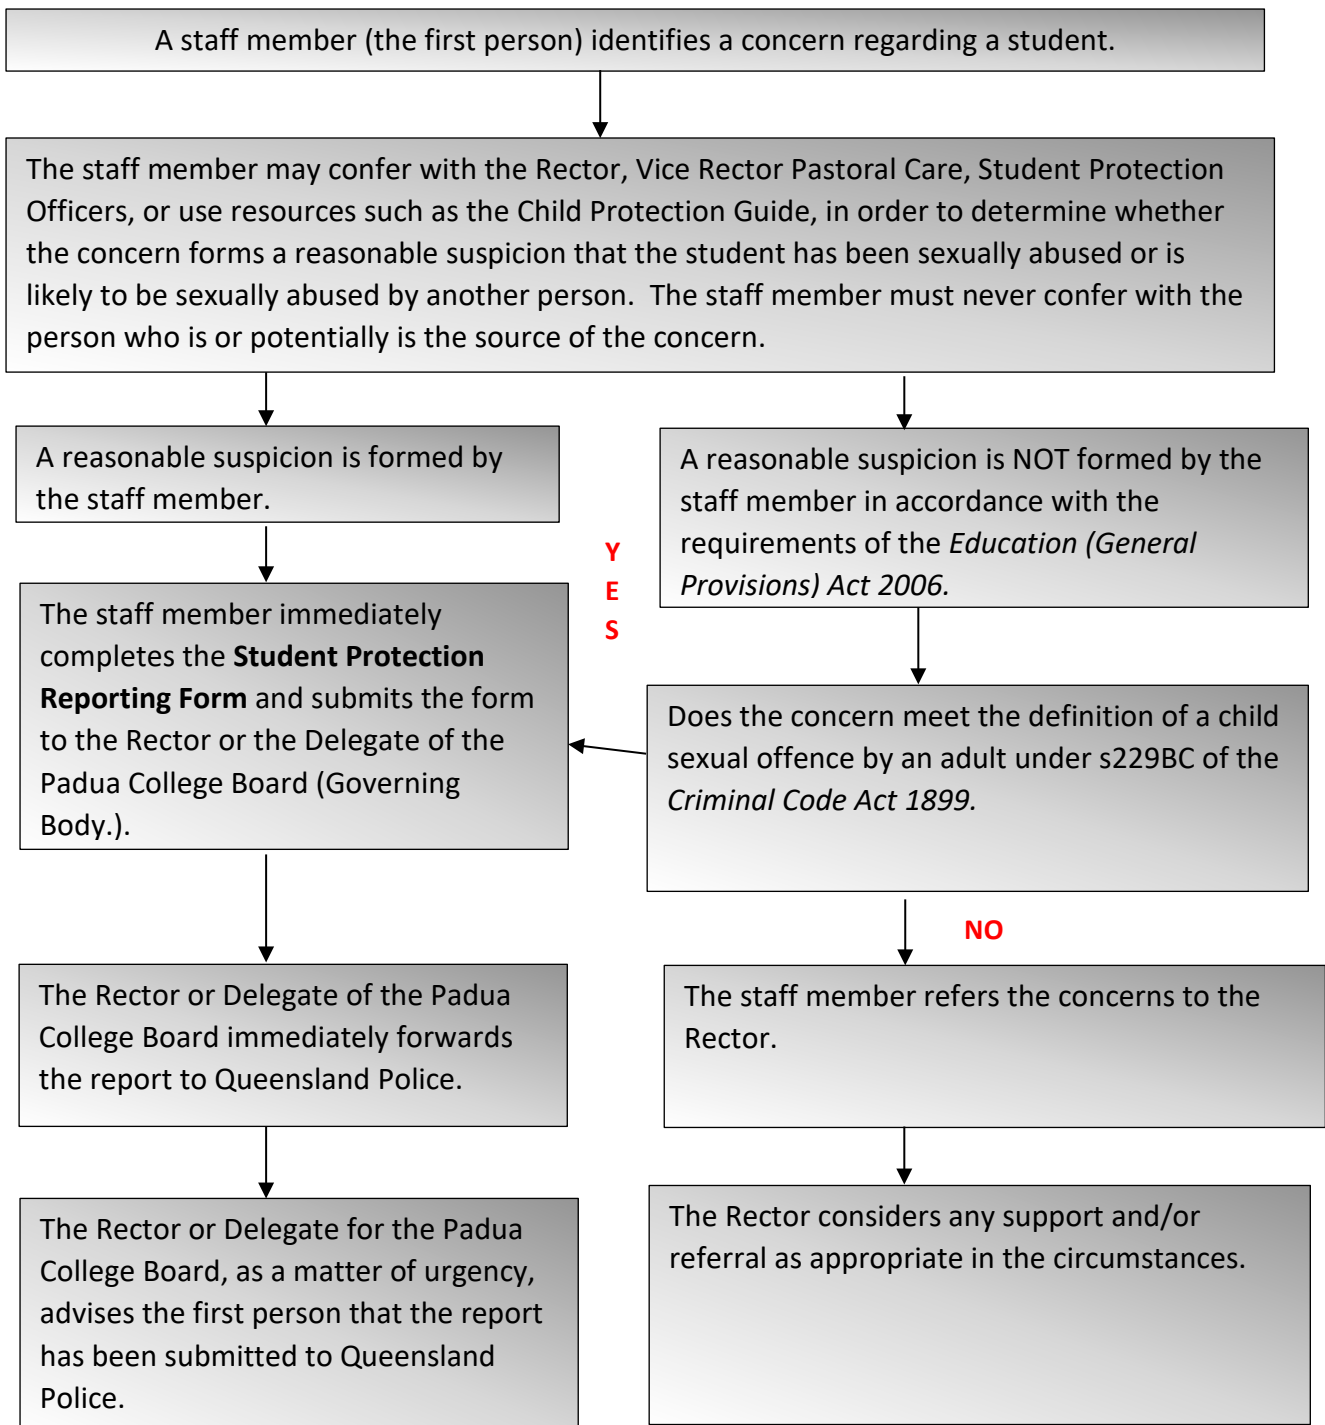

- about the outcome of particular allegations
  - as soon as practicable, after dealing with the allegation, the employing authority must also inform QCT of the outcome (section 77)
- about certain dismissals
  - an employing authority must notify QCT within 14 days if the authority has dismissed a teacher in circumstances that call the teacher's competence to be employed as a teacher into question (section 78).

### **Evidence Act 1977**

Section 93A provides the legislative authority for the Queensland Police Service and the Department responsible for Child Safety to conduct an interview and obtain a recorded statement from a child under 16 years, or a person who was 16 or 17 years when the statement was made and who, at the time of the proceeding, is a special witness, or an intellectually impaired person who has personal knowledge of the matters dealt with by the statement.

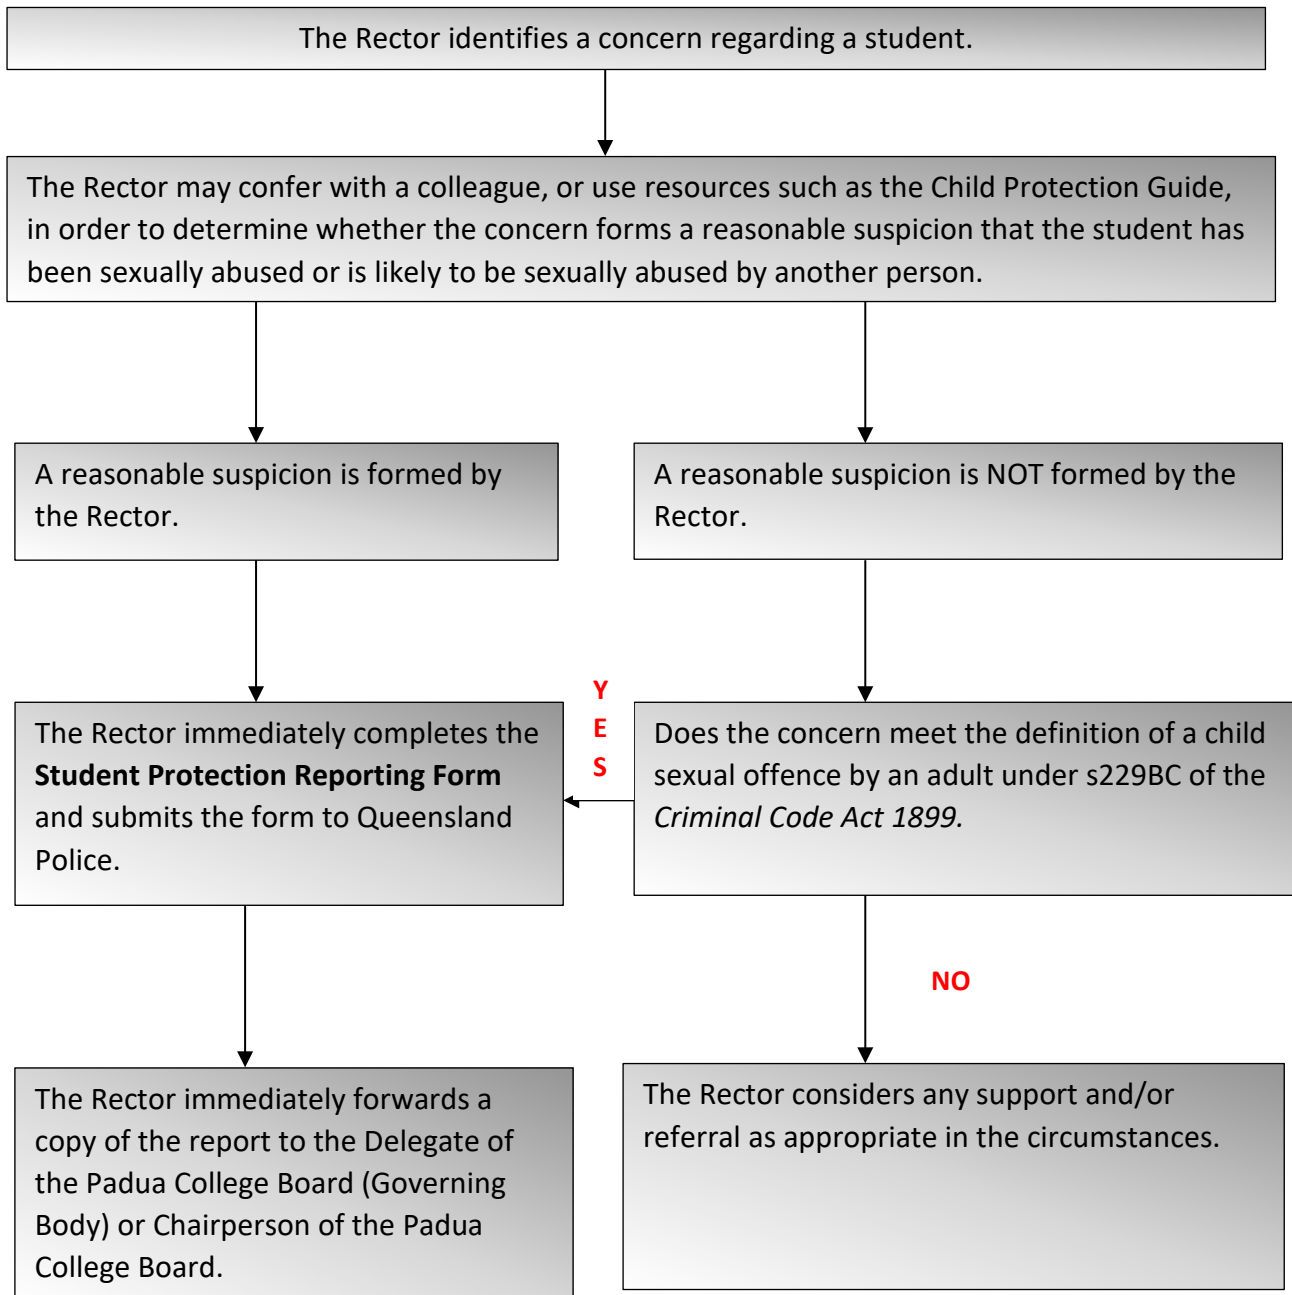

# Flowchart 1: Reporting Sexual Abuse & Likely Sexual Abuse

## IMPORTANT NOTICE

If there is reasonable suspicion that the student has been sexually abused or is likely to be sexually abused or has been the victim of child sexual offence perpetrated by an adult and may not have a parent able and willing to protect them, the processes as outlined in Flowchart 3 must be followed.

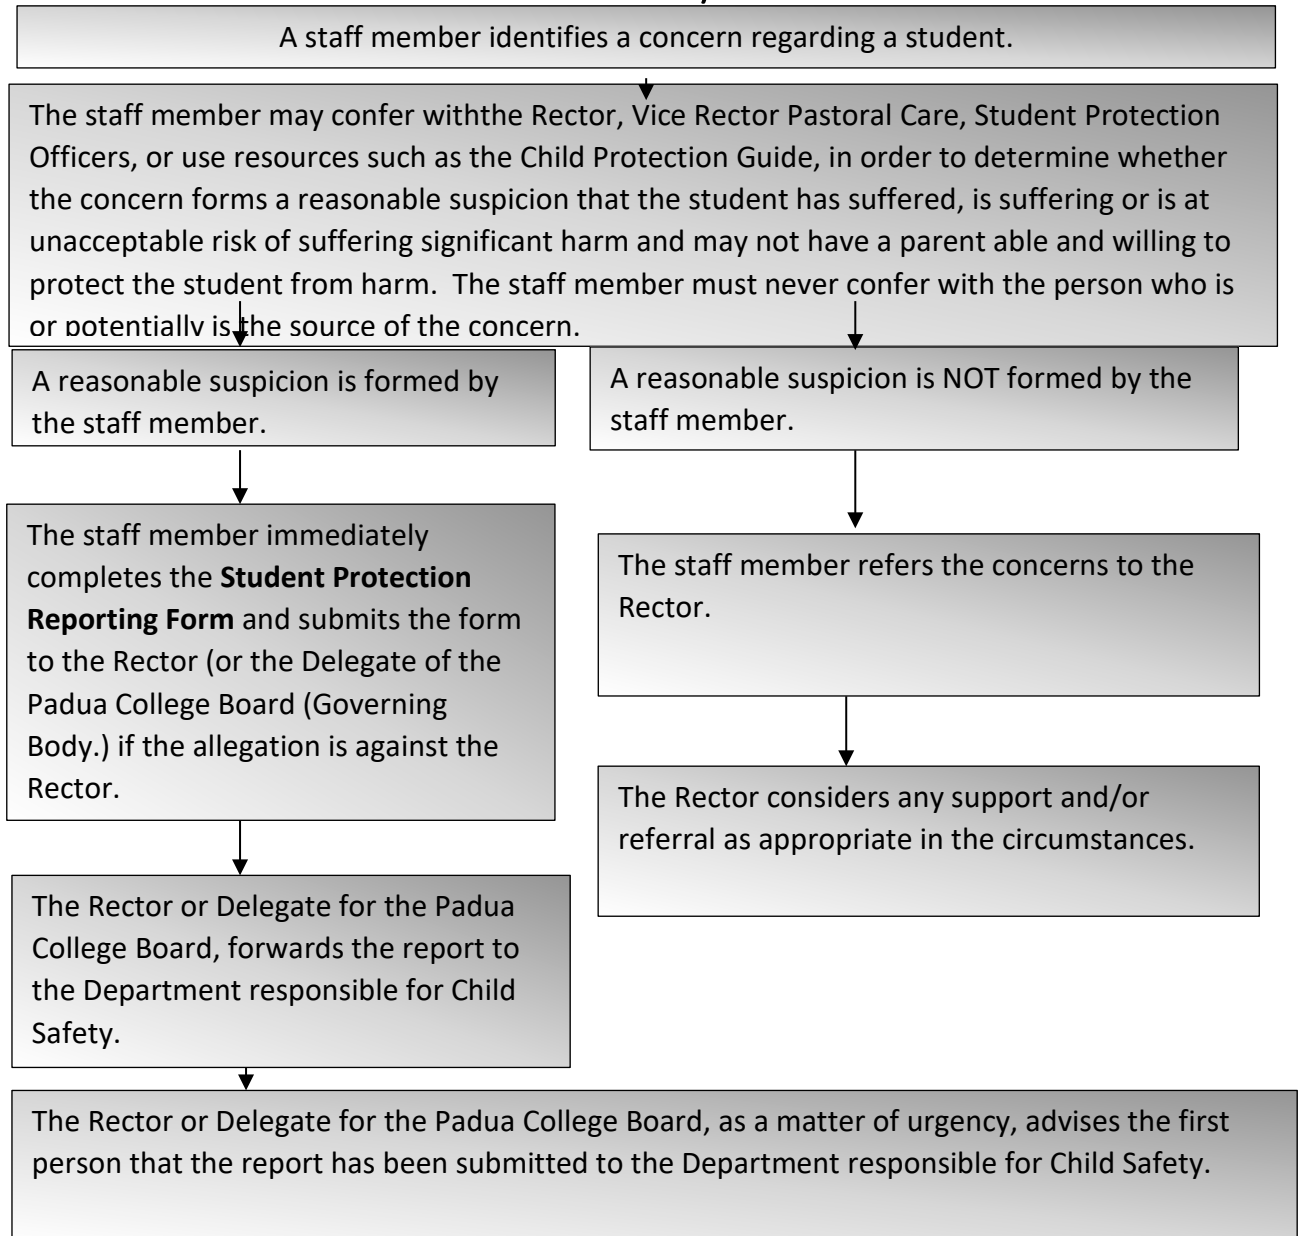

## Flowchart 2: Reporting Sexual Abuse & Likely Sexual Abuse where the first person is the Rector

**IMPORTANT NOTICE**

If there is reasonable suspicion that the student has been sexually abused or is likely to be sexually abused and **may not** have a parent able and willing to protect them, the processes as outlined in Flowchart 3 must be followed.

## Flowchart 3: Reporting Significant Harm to Department responsible for Child Safety

### IMPORTANT NOTICE

If there is reasonable suspicion that the student has been sexually abused or is likely to be sexually abused by another person, then the process outlined in Flowchart 1 must also be followed, or Flowchart 2 if the first person is the Rector.

### Mandatory Responsibilities for Teachers

If the staff member is a teacher, and the reasonable suspicion is that the student has suffered, is suffering, or is at an unacceptable risk of significant harm caused by physical or sexual abuse and may not have a parent able and willing to protect the student from the harm (a reportable suspicion under s13E of the *Child Protection Act 1999*), the Teacher is responsible, as a matter of urgency, to ensure that the report has been submitted to the Department responsible for Child Safety, unless they become aware, or reasonably suppose, that the matter has already been brought to the attention of the Authorities.

If a Teacher forms a reportable suspicion and is not able to progress a report through the process detailed in the Flowchart above, they are able to meet their mandatory reporting obligation through reporting directly to the Department responsible for Child Safety via the online reporting form.
